To:

I am writing to you today to express my deep concern about the proliferation of plastics in your business.

The reasons I am concerned are:

---

---

---

---

---

Please reduce the amount of plastics in your packaging and operations and encourage your suppliers to do the same. There are many other environmentally friendly alternatives.

I, and many of my friends, tailor my shopping list to goods that are sustainably sourced, produced, and packaged. I hope your company supports similar goals.

Sincerely,

City:
